COLLINGWOOD NURSING HOME

CONVALESCENT CARE
PROGRAM

We know your goal is to return home. Our program is designed to go from our home to your home.

About Us

Since 1977, we have been a family run Home, owned and operated in Collingwood. Back then, we cared for 33 residents at our former Cedar Street location. In April of 1991, we opened the doors to our new 60 bed nursing home. In 2012, we were excited to be able to bring the Convalescent Care Program to Collingwood.

We are proud that our staff and management are committed, and care for the well being of our residents through our personal attention; home like atmosphere and on-going contact with residents and their families. We strive to promote a warm, caring and friendly environment for everyone.

Our goal and focus

Caring for today's seniors while preparing for tomorrow's trends, needs and expectations.

We believe that the convalescent care program is a natural fit for our focus and we are extremely pleased to be able to offer the service to our community!

Convalescent Care Program at Collingwood Nursing Home

The convalescent care program is a short stay program which offers services to people who need time to recover strength and functioning.

Services

- *Qualified and caring nursing care
- *Competent and qualified Medical Care
- *Individualized Physiotherapy and Occupational Therapy program
- *Nutritional Support that includes delicious meals and snacks
- *Therapeutic Recreation
- *Full access to our other amenities
- *Supportive services in a comforting setting designed to maximize independence in anticipation of your return home.

How do I access the program?

Referrals to the program are coordinated through the Community Care Access Centre who will assess you for eligibility to the program.

Is there a cost for the program?

The Ontario Ministry of Health and Long Term Care provides funding for the program so there is no cost to you for the care and accommodations.

However there may be costs to you for the following items; telephone, television, transportation costs; hair salon, pharmacy fees for medications, tuck shop, etc.
